RUSTIC LAND WITH AN APPROVED PERMIT TO BEGIN CONSTRUCTION.

REF: 1760

This plot of rustic land near Cala Ferrera is now for sale; it is enclosed by dry-stone walls, gently sloping, and offers partial sea views from the first-floor level. The building permit has been approved, so construction can begin immediately. Electricity and water connections are already in place. As work has not yet started, there is still the opportunity to select the materials for the finishes.
