## VILLAGE HOUSE WITH LOTS OF POTENTIAL IN SES SALINES

REF: 1663

This charming village house is located in the center of Ses Salines. With approx. 150m<sup>2</sup> of living space, arches and original Mallorcan elements, this property can be expanded into a real gem. The house has a patio (courtyard) of 60m<sup>2</sup> - here there is also the possibility to build a pool. We would be happy to advise you professionally on the implementation of your ideas and also gladly and competently take over the construction management.
